MEGA LITE® CITYSCAPE
FLOOD Q48

Product Description:
The Cityscape Flood Q48 is a compact, modern-looking IP65 wash luminaire with a wide 95° beam angle that can illuminate indoor or outdoor applications. Powered by our Tetra Driver series, it allows the Tetra driver to live near a power source and provide voltage to the units using our 5-pin XLR Ip-rated connectors and cables that can control the unit as far away as 100" from the driver, eliminating the expensive copper electrical outlet installations. The Tetra Diver four can drive four units using IP connections and is ideal for outdoor installation. It can also be used inside as a compact wash, using an array of drivers and connection converts. Allowing for use with cat6/RJ45 cabling for color-washing surfaces and making colors come alive.

WIDE FLOOD COVERAGE
The Cityscape Flood is the perfect small unit for creating broad wash color effects in any environment. Its nominal beam angle of 95° floods your environment with a strong 1716 lm of light.

TETRA DRIVER COMPATIBLE
Powered and controlled by our Tetra Driver units, the Cityscape Flood is part of the Tetra Driver series and comes with 4 and 16-unit control. All Tetra drivers connect using Cat6/RJ45, making for easy and safe low-voltage installations.

IP RATED
The Cityscape Flood is rated IP65, making it the perfect wash fixture for lighting outdoor or indoor areas and or venues.

Mechanical Specifications

IP Rating:	IP65
Housing:	Die-Cast Aluminum, AB47100
Power Connection:	Seetronic SCWM5-B-67
Cable Length:	48 inch
Lens Angle:	95°
Fastening System:	Mounting Yoke

Electrical Specifications

Light Source:	84 X 0.5W RGBWW LEDs
Color Temperature:	3035K
CRI (Warm White):	83
Lumen Output:	1,716
Power Supply:	24V DC
Power Consumption:	48W

Control System

Control Protocols:	DMX 512
RDM:	No
Channel Modes:	2 Modes of operation
	Mode 1: 4 channel mode
	Mode 2: 7 channel mode
Driver Compatibility:	Light Pipe Driver 4
	Light Pipe Driver 16
