

DRAMA
EW200

EW200

DES CRIP TION

The Drama EW200 is a single color 6024k daylight white fixture, with a high output of 9053 lm @ 19°. Its 200W LED is quietly cooled, making it ideal for theater or church applications. It can be combined with 4 lenses: selectable between 19°, 26°, 36° and 50° beam angles. The unit comes with a specified lens included when ordered. The unit is ideal for quiet applications such as theaters and churches. It is an affordable choice in its class, providing affordability with confidence in its performance.

Features.

DAYLIGHT COLOR TEMP

6024K Color temp ideal for gobo projection or to highlight any performance in true daylight color temp.

DAYLIGHT WITH GOOD CRI

CRI 89 has good color rendering and daylight color temperature, smooth dimming, and high lumen output, making for a very bright ellipsoidal.

QUIET OPERATION

The combined heatsink and forced air fan work at a very low noise level, making the unit ideal for theatrical applications.
