ZIPSTRIP
C40

Product Description:

The ZIP Strip C40, with its 40 pixels of Red, Green, and Blue narrow beam LEDs, is a powerful tool that allows you to create multicolor light curtain effects. Whether you want to add some atmosphere to a venue, dress the stage in vibrant color beams, or enhance a Dancefloor with engaging colors, the ZIP StripC40 is the perfect choice. This slim fixture is designed to enhance your production without exceeding your budget. It is lightweight, compact, and easy to mount with its compact three-hole yoke. Despite having no moving parts, it can create the illusion of high-speed movement by chasing colors in various combinations and speeds. With four control profiles, you can use a simple DMX controller or the most advanced RGB pixel matrix systems to take complete control of your pixels. The ZIP Strip also comes in a mono-warm wight version, giving you even more options over your lighting effects.

Narrow RGB Beam

40 5º Red, Green, and Blue LEDs that can be combined to mix an extensive array of color combinations.

Light Curtain Effect

5º beams create a lighting curtain effect that expands the further you go to dress your production in color

Individual Pixel Control

Forty pixels that give the fixture its name as the pixels Zip through the air. Pixel map your stage venue or production to create the looks you want.
