# DESCRIPTION

Tiltbot Trio is an IP 64-rated, versatile LED fixture that can be used as a blinder, strobe, and wash. It is equipped with 572 1W RGB LEDs and 144 white 8W LEDs and features a 12-segment control on the RGB and white LEDs to create a variety of unique color combinations.

The brightness of the 8W white LEDs creates a blinding lighting storm effect, making it one of the brighter units in this class. The smooth color mixing of the RGB LEDs is perfect for an even field stage wash.

The 190° tilt while hanging can scan an entire room. The Tiltbot's hybrid design and features make it ideal for indoor and temporary outdoor applications.
